Uniworld combine the best of both Sea & Air Transport while at the same time ensuring simple processes in all documentation

- Customs Brokerage
- GOH Service
- Inland Trucking
- Project Cargo
- EDI Integration

Customs Brokerage

We have partnered with most trustworthy and popular custom broking agents by offering our clients the right solution at the right time.

GOH Service

IAS invests heavily on equipment which enables us to ship the Garments on hanger (GOH) merchandises as of the condition displaying on inside the final store of location.

Inland Trucking

Our contracted trucking fleet fulfill the need to move your cargo from factory to port in more efficient and coordinated way.

Project Cargo

We thrive under pressure and have handled many high-value, transportation projects on tight deadlines.

EDI Integration

Our highly efficient, computer-to-computer communications system is based on nationally recognized language standards, providing quick, easy access to accurate and timely information in a paper-free environment. Companies utilizing EDI can realize cost savings in many areas of their business with EDI documents provided by uniworld.

Uniworld has various value added services to manage your operation smoothly. We provide 360° logistics solution which means you will get all the services that you need.
